Take Action

The county sheriff is the line in the sand, the one who can say to the feds, "Beyond these bounds you shall not pass." This is not only within the scope of the sheriff's authority; it's the sheriff's sworn duty. Hear personally from sheriffs committed to the principles of liberty. Learn how to support the sheriffs as they interpose themselves between out of control government and we the people.

"When the people fear their government, there is tyranny; when the government fears the people, there is liberty." ~ Thomas Jefferson
